Description

The **SETO CRAFTSMAN ST-200 RC** impresses with its versatility in mobile use. A permanently integrated lithium-ion battery in conjunction with the high-performance LED chip ensures strong light output with a long light duration, completely without power supply.

The robust construction, a high IP density and the low weight make the **SETO CRAFTSMAN** the predestined partner, even if it is a little harder. Thanks to the handle, it is always easy to carry and can be securely attached to a wide variety of metal surfaces with the magnets on the rear side.

The luminaire is completed by a windscreen made of heavy-duty milk glass plastic, which prevents glare and ensures homogeneous illumination.

The **SETO CRAFTSMAN** thus offers the best view and safety through good light in every situation.

Product Highlights

- Two light levels
- High degree of protection IP66
- IK09

Technical Specifications

General Data

Attribute	Value	Unit
Brand	SETO	
Model	CRAFTSMAN ST-200 RC	
Dimensions	146 x 128 x 326	mm
IP Class	IP66	
Weight	1,1	kg
Light Functions	100% - 30% - OFF	

Lighting Data

Attribute	Value	Unit
Luminant	LED	
Luminous Flux	2000	lm
Luminous Flux (real)	1100 (mains connected)	lm
Colour Temperature	6500	K
Durability	50000	h

Electrical Data

Attribute	Value	Unit
Power Consumption	20	W
Protection Class	III	
Operating Time (High Level)	4	h
Charge Time	5	h
Battery	Li-Ion 3.7 V / 8.8 A
