Description

The SETO LED SNAKE emergency power module is the ultimate solution for your rope-light illumination in the event of a power failure! This compact and lightweight module is changing the world of LED lights, making it easier than ever to have reliable lighting available when you need it most.

In the event of a power failure, our new emergency power module ensures that your work area is and remains illuminated. It simply plugs in between the power supply and your SETO LED SNAKE and is ready for immediate use.

With the new SETO LED SNAKE emergency power module, you will not be caught in the dark even in the event of a power failure!

Product Highlights

- Uninterruptible power supply (2 × 1 hour)
- Compatible with all products in the SETO SNAKE and SETO DOUBLE SNAKE product ranges
- Replaceable rectifiers for simplified maintenance
