Description

The SETO LED SNAKE Dimmer is the perfect solution for customizing your LED rope light lighting! This easy-to-use dimming module simply plugs between your power source and existing rope light lighting via the included Schuko plugs, allowing you to control the brightness of your SETO LED SNAKE with ease.

Thanks to its compact size and easy installation, it is quickly ready for use without the need for professional help.

Product Highlights

- for customising the brightness of the light
