LUMEN

Description

With the rechargeable SETO LED INSPECTION LAMP 2.0 you have a very robust and versatile lighting tool.

The high-power LED used provides at the front with up to 1,000 lumens in the brightest stage for large, bright and eyesafe illumination. Another LED on the front allows you to work in confined spaces, even if the light can not be maintained. A foldable stand, the retractable suspension hook and integrated magnets allow hands-free operation in all situations. Cutting-edge lithium-ion technology allows for a very long service life at the same time pleasantly light weight. Charging takes place conveniently via an AC adapter, a car charger or micro USB.

Product Highlights

- Two light sources (head and front light)
- Emergency light function, charging socket, capacity display
- Synthetic suspension hook
- Magnet (adjustable in different positions)
