Description

The MICA ILC4 charging station is the perfectly matched charging solution for MICAIL640 hand lamps. It enables safe, reliable, and efficient charging and ensures that the lamps are ready for use at all times.

Thanks to its robust design, the MICA ILC4 is ideally suited for professional use in industry, workshops, and demanding working environments. The precise fit ensures secure positioning of the hand lamp during the charging process and supports a long service life for both the battery and the device.
