IP CODE

145 (white) / 85 (red) / 110 (green) / 30 (blue)  
LUMEN

### Description

The Zugbegleiterleuchte is equipped with a multi-color chip for simple signaling (2CLED: white-red, 3CLED: white-red-green, 4CLED: white-red-green-blue).

The color you need is easily accessible by the selection control dial on the front of the lamp head and set off with the built-in cap switch on and off.

The lamp has both a hand strap and a belt clip. The anodized aluminum housing is robust and shock-resistant.

### Product Highlights

- Luminant: 4-color LED Chip (white, red, green, blue)

### Technical Specifications

#### General Data

| Attribute       | Value                   | Unit |
|-----------------|-------------------------|------|
| Model           | CONDUCTOR LIGHT 4CLED   |      |
| Dimensions      | 35 x 126                | mm   |
| IP Class        | IP54                    |      |
| Weight          | 0,19                    | kg   |
| Light Functions | white, red, green, blue |      |

#### Lighting Data

| Attribute          | Value                                            | Unit |
|--------------------|--------------------------------------------------|------|
| Luminant           | 4-color LED Chip (white, red, green, blue)       |      |
| Luminous Flux      | 145 (white) / 85 (red) / 110 (green) / 30 (blue) | lm   |
| Colour Temperature | 6000 (white)                                     | K    |
| Durability         | 100000                                           | h    |

#### Electrical Data

| Attribute                   | Value       | Unit |
|-----------------------------|-------------|------|
| Power Consumption           | 3           | W    |
| Operating Time (High Level) | 2,5         | h    |
| Battery                     | 3AAA / 1,5V |      |
