REAL-LUMEN

Description

With only 147 g Weight (incl. Batteries), the focusable LED FC is one of its kind to the lightweight representatives. In addition, it has to modernster technology on board what you can expect from a flashlight everything these days.

Different lighting functions such as. Dimmed light for working in the immediate vicinity or the flashing function that marks their position in emergency situations for many hours, are easily accessible via the high-quality and non-slip rubberized push-button switch.

The reverse polarity protected battery box that receives three widely available and inexpensive AAA batteries, ensures a long operating time and a simple 'loading' of the light. The single-handed operation focusing system allows them instantaneously from the homogenous area light for far-reaching and focused search light continuously switch.

Product Highlights

- Comfortable one-hand focusing system
- Simple control of individual light functions
- 4 different light modes, integrated dimming, blinking and SOS function
- Easy recharge thanks to inexpensive AAA batteries
- including bag

Technical Specifications

General Data

Attribute	Value	Unit
Brand	SETO	
Model	FLASHLIGHT FC LED	
Dimensions	34 x 136,50	mm
IP Class	IPX6	
Weight	0,147	kg

Lighting Data

Attribute	Value	Unit
Luminant	CREE High Power LED Chip	
Luminous Flux (real)	320	lm

Electrical Data

Attribute	Value	Unit
Operating Time (High Level)	3	h
Operating Time (Low Level)	12	h
